# NEWSLETTER

**October 1-15, 2006**

# STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **October 1-15, 2006.**

## CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613  
Fax: (916) 323-3018  
e-mail: [state.clearinghouse@opr.ca.gov](mailto:state.clearinghouse@opr.ca.gov)  
website: [www.opr.ca.gov/clearinghouse/clearinghouse.shtml](http://www.opr.ca.gov/clearinghouse/clearinghouse.shtml)

Questions regarding federal grant notices should be directed to **Sheila Brown**.

Questions regarding processing of environmental documents should be directed to:

**Scott Morgan**  
Senior Planner

## CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE  
P.O. BOX 3044  
SACRAMENTO, CA 95812-3044

## INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

## MEMORANDUM

### Governor's Office of Planning and Research State Clearinghouse

**Date:** December 5, 2003

**To:** All CEQA Lead Agencies

**From:** Terry Roberts, Director, State Clearinghouse

**Re:** Submission of Electronic CEQA Documents to State Clearinghouse

In order to take advantage of the cost and time savings associated with electronic documents, the State Clearinghouse will accept electronic documents under the following conditions:

1. Electronic documents shall be on CD, and the file format shall be either Adobe PDF or Microsoft Word.
2. For EIRs, each CDs must be accompanied by a printed copy of the Executive Summary. This allows the State Clearinghouse and the reviewing agencies to efficiently route the document to the proper persons.
3. Negative Declarations and Mitigated Negative Declarations will not be accepted on CD. However, any separately bound technical appendices to the document may be submitted on CD.
4. For certain projects, particularly large infrastructure projects such as airport expansions, the State Clearinghouse may request a certain number of hard copies. In addition, the lead agency shall honor a special request from a responsible or trustee agency which requires a hardcopy for purposes of review and comment.
5. This policy does not invalidate CEQA Guideline §15205, which requires a public agency submitting printed documents to the State Clearinghouse to send, in addition, an electronic copy of the document, *if available*.

If you have any questions regarding the submission and circulation of environmental documents, please contact the State Clearinghouse at (916) 445-0613 or [state.clearinghouse@opr.ca.gov](mailto:state.clearinghouse@opr.ca.gov).

**ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE  
1999 through 2005**

All CEQA documents filed with the State Clearinghouse are available for viewing on the Internet at <http://www.ceqanet.ca.gov/>

JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

## CEQA Actions

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Monday, October 02, 2006</u></b>			
2005111117	<p>Citrus Ranch Specific Plan Indio, City of Indio--Riverside</p> <p>The project consists of a number of entitlements that will lead to the development of the Citrus Ranch planned development, consisting of up to 3,075 dwelling units (single-family and multi-family housing types), a golf course, trails, a community center, and other amenities on approximately 1,183 acres in an unincorporated area of the County of Riverside, adjacent to the City of Indio. The project also includes three off site water reservoirs. The project will require certification of the Draft EIR, adoption of the Citrus Ranch Specific Plan, a General Plan Amendment, Pre-Zoning, Change in the City's Sphere of Influence boundary, and Annexation to the City of Indio.</p>	<b>EIR</b>	11/15/2006
2006021080	<p>Greenwich Place West Hollywood, City of West Hollywood--Los Angeles</p> <p>The project applicant is proposing to develop 117 market-rate condominium townhome and flat units and 35 affordable rental units on a 2.97-acre site. The proposed development would include subterranean parking, landscaped courtyards, pedestrian pathways, and indoor and outdoor recreational space and social amenities including swimming pools, fitness centers, multi-purpose rooms, and a club room.</p>	<b>EIR</b>	11/15/2006
2006031047	<p>Van Buren Project Coachella, City of Coachella--Riverside</p> <p>The proposed project includes the development of a residential community with single-family homes on approximately 77-acres. The development would include 275 single-family lots on 53 acres, as well as 24 acres of open space. The minimum lot size for the residential units would be 7,200 square feet and the average lot size would be 8,345 square feet. Proposed site improvements include the construction of necessary roadways and infrastructure as well as 5.27 acres of park/landscaping and a 2.18 acre easement.</p>	<b>EIR</b>	11/16/2006
2006031057	<p>Consolidated Fire Protection District Headquarters Complex Los Angeles County Fire Department Los Angeles, City of--Los Angeles</p> <p>The County of Los Angeles Fire Protection District has proposed the development of a new headquarters complex in the east central portion of Los Angeles. The new headquarters complex would consolidate current headquarters facilities and existing office space that is leased at various locations in the Cities of Commerce and Monterey Park, and provide sufficient space for the Consolidated Fire Protection District staff. The existing facility could not be retrofitted to support the Fire Protection District's operations.</p>	<b>EIR</b>	11/15/2006
2006101008	<p>Palmdale Ditch Enclosure Palmdale Water District Palmdale--Los Angeles</p> <p>The District proposes to enclose approximately 5,200 lineal feet of the open Palmdale Ditch within an underground pipe. The ditch serves as the conveyance for water transferred from Littlerock Reservoir to Lake Palmdale. Replacing this section of the open ditch will protect the water supply and address water quality</p>	<b>MND</b>	10/31/2006

	concerns from trash and septic tanks in the vicinity of the Palmdale Ditch.		
2006101009	San Joaquin River Parkway and Conservation Trust (IS 5551 and CUP 3164) Fresno County Fresno--Fresno IS Application No. 5551 and Unclassified CUP Application No. 3164, filed by San Joaquin River Parkway and Conservation Trust, Inc., proposing to all a 2,784 square-foot administrative office building within an existing park and interpretive center in the AE-20 (Exclusive Agriculture, 20-acre minimum parcel size) Zone District located on the west side of Old Friant Road between Copper Avenue and Friant Road, approximately 1/2 mile north of the city limits of the City of Fresno.	<b>MND</b>	10/31/2006
2006101010	25 Bed Acute/Intermediate Mental Health Care Facility, California Institute for Women Corrections and Rehabilitation, Department of Chino--San Bernardino 25-bed mental health care facility to be constructed on the grounds of the California Institution for Women. The facility will serve the existing population housed at the prison.	<b>MND</b>	10/31/2006
2006102001	Perlman Minor Subdivision Humboldt County Community Development Services --Humboldt The Minor Subdivision of a 1+ acre parcel into four parcels ranging in size from +/- 8,700 sf - +/- 11,700 sf (gross). Proposed Parcel 1 is developed with a single family residence which is to remain. The applicants recently received approval of a Secondary Dwelling Unit (SDU) which will now be located on Parcel 4. The parcel lies within the Alquist-Priolo Special Studies Zone. A previous similar subdivision was approved in the early 1990s (PMS-05-90) and the same Fault Evaluation Report (FER) will be used for the current subdivision application. All parcels will continue to be served by community water and sewer. The project includes an exception from the Subdivision Regulations per §325-9 to allow a reduction of the 40' access requirement to a 20' wide access.	<b>MND</b>	10/31/2006
2006102003	Susan Street Residential Development Project Initial Study and Tentative Map Stockton, City of Stockton--San Joaquin A Tentative Map to subdivide a 5.32-acre site into 23 lots for the residential development on the north side of Juliet Road and east of Mariposa Road.	<b>MND</b>	10/31/2006
2006101004	Coastal Water Project Proposed by California American Water Company Public Utilities Commission --Monterey The proposed project is comprised of several distinct components including a desalination plant, an ocean water intake system, a brine discharge system, a product water conveyance system, and an ASR system.	<b>NOP</b>	10/31/2006
2006101006	Hamilton Cove Phase II Residential Development Project Avalon, City of Avalon--Los Angeles Development of 88 residential units (single and multiple family) and associated recreational facilities. This proposed development would constitute Phase II of the existing Hamilton Cove residential development located in the City of Avalon.	<b>NOP</b>	10/31/2006

2006101007	<p>10 Section Project GPA/ZC 05-1580 Bakersfield, City of Bakersfield--Kern</p> <p>The 10 Section Project GPA/CZ 05-1580 consists of a General Plan Amendment (GPA), Zone Change (ZC), Circulation Element Amendment, and annexation of a 220 acre project site into the City of Bakersfield city limits. The GPA would allow for a change in land use designations from R-MP (Resource-Mineral Petroleum) and OS (Open Space) to LR (Low Density Residential) and the ZC would change the County Zoning of A (Agriculture) to City zoning of R-1 (One Family Dwelling). The project proposes to develop approximately 795 dwelling units with a residential density of 3.5 to 3.75 units per acre, utilizing a lot size mix of 6,000, 7,000 and 8,000 square feet. The project also proposes a 6.2 acre park on-site and a 3.1-acre retention basin is proposed on-site. The Circulation Element Amendment proposes to eliminate and reconfigure the collector road that traverses the site from east to west, eliminate the arterial designation for Nord Road and redesignate it as a local road from approximately 140 feet south of Panama Lane to the intersection of Nord Road and future Canfield Road and as a collector from Canfield to the southern property boundary, remove Nord Road from Panama Lane to approximately 140 feet south, and redesignate the existing road along the eastern boundary of the project site from a collector to a local.</p>	<b>NOP</b>	10/31/2006
2006102005	<p>Annapolis Area Timber Conversions Project Forestry and Fire Protection, Department of --Sonoma</p> <p>The project includes the conversion of timberland to vineyard on two sites (10 acres on Roessler and 29 on Martin). The Martin site also includes 3 acres for living quarters/out-buildings. The project requires the following approvals: Timberland Conversion Permit and Timber Harvest Plan by CDF; Grading Permit, Building Permit (Martin) and Class I Well Permit (Roessler) by Sonoma County; Streambed Alteration Agreement (Roessler Conversion) by Department of Fish and Game.</p>	<b>NOP</b>	10/31/2006
2006101001	<p>Seacliff GP Amendment, Rezoning, Lot Split Santa Cruz County --Santa Cruz</p> <p>This proposal consists of five parts: (1) a land division to split the 2.95 acre parcel into a 1.7 acre residential parcel and a 1.25 acre park parcel, (2) a General Plan - Seacliff Village Plan amendment from Visitor Serving Commercial (C-V) to Residential - Urban High (R-UH) and Open Space Recreation (O-R), (3) a rezoning from Visitor Accommodations with park designation (VA-D) to Multi-Family Residential (RM-2.5) and Park and Recreation (PR), (4) add as priority use the proposed residential and park uses on the subject parcels and a proposed church use on APN 038-081-35, and (5) correct three parcel numbers that are incorrectly noted in the priority use site chart in the GP-LCP. The latter is in editing change only. The project is located on the northwest corner of intersection of McGregor Drive and Searidge Road in Aptos, CA.</p>	<b>Neg</b>	10/31/2006
2006101002	<p>Reservoir 7990-2 Coachella Valley Water District --Riverside</p> <p>The Reservoir 7990-2 project proposes the construction of a 500,000-gallon, steel water reservoir on the same 2-acre parcel of the existing 500,000-gallon Reservoir 7990-1 that was constructed in 1973. The project includes shallow excavation to construct a concrete ring wall and all appurtenances necessary to connect the</p>	<b>Neg</b>	10/31/2006

	reservoir to the existing domestic water system on-site. The purpose of the Reservoir 7990-2 project is to provide additional water storage for increasing domestic water and fire protection demands within the North Shore and Area 23 Pressure Zones, which include the areas of North Shore, Bombay Beach, and Hot Mineral Spa. This additional water storage reservoir will provide energy savings by alleviating the need to operate associated domestic water wells during peak electrical consumption periods. In addition, a second reservoir will allow removal of one reservoir from service for routine maintenance and repairs.		
2006101003	Reservoir 1092-2 Coachella Valley Water District --Imperial The Reservoir 1092-2 project proposes the construction of a 2.5-million gallon, steel water reservoir on the same 5-acre parcel of existing 1.0-million-gallon Reservoir 1092-1 that was constructed in 1964. The project includes shallow excavation to construct a concrete ring wall and all appurtenances necessary to connect the reservoir to the existing domestic water system on-site. The purpose of the Reservoir 1092-2 project is to provide additional water storage for increasing domestic water and fire protection demands within the Sunrise and improvement District 11 Pressure Zones. This additional water storage reservoir will provide energy savings by alleviating the need to operate associated domestic water wells during peak electrical consumption periods. In addition, a second reservoir will allow removal of one reservoir from service for routine maintenance and repairs.	<b>Neg</b>	10/31/2006
2006101005	Keith Rosenberger Residence San Marcos, City of San Marcos--San Diego Review of a modification of the Ridgeline Overlay Zone (ROZ) to allow encroachment into the ridgeline vertical setback, and to exceed the height limit for building and slopes for a proposed single-family residence.	<b>Neg</b>	10/31/2006
2006101012	Wespac Pipelines' Jet Fuel Storage Tank Expansion Project San Diego Unified Port District San Diego--San Diego The proposed project is to expand the petroleum storage capacity at the Tenth Avenue Bunker Fuel Facility by approximately 50,000 barrels (177,000 barrels to approximately 220,000 barrels) by removing two out-of-service 25-foot diameter tanks and installing one 80-foot diameter cone roof tank in the vacated space.	<b>Neg</b>	11/01/2006
2006102002	Acquisition of Betty West Ranch for Proposed Expansion of Wastewater Disposal System Tuolumne Utilities District --Tuolumne Tuolumne Utilities District proposes to expand its wastewater disposal system which will involve purchase of 140 acres of a 602 +/- acre ranch. The overall project may eventually consist of construction of multiple reservoirs to store and dispose of recycled water, and enlargement of one existing pond. Support facilities may include construction of an access road approximately 1500 feet long from Algerine Road, reconstruction of and improvements to existing on-site and off-site ranch roads, and construction of a new 3,000 foot long onsite road along an unimproved ranch road. Treated wastewater (secondary standards) may be delivered to the reservoirs by construction of a new on-site pipeline and irrigation sprinklers may also be installed onsite.	<b>Neg</b>	10/31/2006

2006102004	<p>Issuance of a Post-Closure Permit for Former Surface Impoundments 250, 635, and 706, United Technologies Corporation, Pratt &amp; Whitney Rocketdyne Toxic Substances Control, Department of San Jose--Santa Clara</p> <p>DTSC is considering approval of a Post-Closure Permit Application for three former surface impoundments. These surface impoundments were used for the storage of hazardous wastes at the facility and were closed in 1986. DTSC approved the closure certification report in 1991. All wastes from these impoundments were removed and disposed properly. Soils above the groundwater table were removed and replaced with clean fill. However, groundwater impacts still remain as a result of the operation of these units and therefore a Post-Closure Permit is required. The Permit will require the facility to continue to pump and treat the contaminated groundwater, monitor the groundwater, and to inspect and maintain the equipment used for these activities. A deed restriction is currently in place prohibiting the use of groundwater for agricultural purposes or human consumption. The deed restriction shall remain in place until standards set by the Regional Water Quality Control Board for drinking water have been achieved.</p>	<b>Neg</b>	10/31/2006

	plants removed in the trail tread building process will be replaced on a plant for plant basis, in consultation with the Department's environmental scientist assigned to the project. The reroute will conform to Department trail standards. Work will be carried out by Department staff and state park volunteers.		
2006108013	Bureau of Forensic Science Richmond Justice, Department of Richmond--Contra Costa This project is to acquire approximately 3,800 sq. ft. of space to accommodate additional office and storage space for the existing Department of Justice 1001 West Cutting Blvd DNA Forensic Laboratory.	<b>NOE</b>	
2006108014	Transfer of Coverage to El Dorado County APN 25-452-01 (1801 Amador Way, LLC) Tahoe Conservancy Unincorporated--El Dorado Project consists of the sale and transfer of 76 square feet of potential coverage rights from Conservancy-owned land to a receiving parcel on which a private residence will be constructed. The transfer enables the receiving landowner to carry out the project without any net increase in the amount of existing land coverage in the hydrologically-related area.	<b>NOE</b>	
2006108015	Assignment of Restoration Credit to Sacramento Avenue Paving Project (Ghishan) Tahoe Conservancy Unincorporated--Placer Project consists of the assignment of 4,642 square feet of restoration credit from Conservancy-owned land to a receiving parcel on which a private residence with easement-road will be constructed. The transfer enables the receiving landowner to carry out the project without any net increase in the amount of existing sensitive land coverage in the Tahoe Basin.	<b>NOE</b>	
2006108016	Thunderbird Fuel Hazard Reduction 2006 Tahoe Conservancy --El Dorado The project consists of removing dead, dying and diseased trees, thinning suppressed trees, and selective brush reduction to promote increase health and vigor of the stand, reduce fire threat, and reduce insect and disease occurrence.	<b>NOE</b>	
2006108017	Streambed Alteration Agreement (1600-2006-0278-R5) Regarding the Spinks Debris Basin - Ramp and Berm Restoration Project Fish & Game #5 Bradbury--Los Angeles The operator proposes to alter the streambed and banks by repairing eroded sections of the existing access ramp to allow access of trucks and equipment into the basin bottom necessary for the continued maintenance of the basin. Spinks Debris Basin (basin) is unusual in that the basin is divided and surrounded by its access road. Therefore, there are numerous drain lines that allow water and debris to enter the basin underneath the roadbed. Approximately 1,320 sq. ft. (0.03 acre) of existing structures will be repaired and restored back to pre-storm conditions. Approximately 276 cubic yards of native fill materials and 260 tons of derrick stones will be used for this entire project. The project will also restore and repair a portion of the existing berm that was washed out during the last storm season. The berm was used to divert storm flows entering the north end of the basin from the side canyon to drain into the existing culverts underneath the access road. Restoring the berm is also necessary to minimize the amount of	<b>NOE</b>

	gardens, and the esplanade are provided in the immediate area of residences and will be landscaped and have furniture available for the enjoyment of all residents. A system of paseos and trails provides an extensive pedestrian network, providing direct access to the smaller homes and recreational facilities.		
2006051005	Jeffrey Road/Walnut Avenue Intersection Improvement Irvine, City of Irvine--Orange The City of Irvine proposes to improve the Jeffrey Road/Walnut Avenue intersection with the addition of a shared through/right-turn lane, and a second left-turn lane on Walnut Avenue in the eastbound direction. The widening improvements have been designed to accommodate an increase in traffic volumes for left-turn, through, and right-turn movement. These improvements would require Walnut Avenue to be widened 8 feet to the south with a final roadway width of 86 feet. Widening Walnut Avenue would also necessitate 8 feet of additional right-of-way to be acquired to the south resulting in a final right-of-way width of 106 feet. A Class III sidewalk bikeway will be located within the acquired right-of-way. The existing westbound and eastbound on-street bicycle lane on Walnut Avenue (between Wisteria Lane and Jeffrey Road) would be relocated to the sidewalk, and the existing bus stop on Walnut Avenue would be accommodated within the right-turn lane. The existing eastbound bikeway will be reduced from 6 feet to 5 feet from approximately 185 feet west and terminate at Wisteria Lane. The limits of the widening on Walnut Avenue will span from its intersection with Jeffrey Road to approximately 185 feet west of Wisteria Lane.	<b>NOD</b>	
2006071128	Tentative Parcel Map #385/Stow Inyo County Planning Department Bishop--Inyo Subdivision of a one-acre site into four lots. The site was previously a five-unit mobile home park. The proposed lots will be served by individual (or shared) water wells, with community sewer. Access to the site will be via a roadway easement off West Street.	<b>NOD</b>	
2006081128	Seventh Day Adventist Church and School (ER 2005-54, 2005-84-CUP/GE, 2006-02-VRP) Escondido, City of Escondido--San Diego A Conditional Use Permit and associated grading exemptions to construct a two-story church and religious education center and a two-story school serving kindergarten through Grade 12 on a 14.55 acre site in the RE-20 zone (Residential Estates, 20,000 square foot minimum lot size). The project includes abandonment of the Deodar Road right-of-way along the project frontage. The two-story church building is approximately 58,380 square feet, with 600 fixed seats in the sanctuary, a multi-use gymnasium, kitchen and dining facilities, classrooms for religious instruction, a children's nursery and preschool areas, and administrative offices. The two-story school building is approximately 63,694 square feet, including an indoor gymnasium, with an outdoor playfield. The project includes grading exemptions to allow interior cut slopes up to 29 feet and perimeter retaining walls up to 20 feet in height. An existing, vacant single family residence will be demolished. A 4d Habitat Loss Permit is proposed to allow the removal of up to 1.58 acres of unoccupied Coastal Sage Scrub habitat.	<b>NOD</b>

2004042122	Eastern Sacramento County Replacement Water Supply Project Sacramento County Water Agency Rancho Cordova--Sacramento SCWA proposes to provide for beneficial use, including groundwater recharge, of 31,500 AFA of remediated water from existing and proposed Aerojet General Corporation and McDonnell Douglas Corporation (MDC)/Boeing Groundwater Extraction and Treatment (GET) facilities. Remediated groundwater from GET facilities is proposed to be conveyed to four discharge locations that flow into the American River, including Alder Creek, Buffalo Creek, Boyd Station Channel and Rossmoor Drain. Commingled river water and remediated water is proposed to be diverted from the American River at the Folsom South Canal and the City of Sacramento's Fairbairn Treatment Plant, and from the Sacramento River at the Freeport Regional Water Authority's Water Diversion Structure at Freeport. Water would be retained in the Sacramento Central Groundwater Basin area both by recharge or treated to potable standards for consumptive use. Some of the water is proposed to be used as a replacement water supply for SCWA, Golden States and Cal-Am lost supplies due to contaminated wells, and some is proposed to be used to supply new development within the water purveyors' service areas. The project would also provide 5,000 AFA of water to the Cosumnes River via the Folsom South Canal for environmental benefits, including improved salmon passage.	<b>EIR</b>	11/17/2006

<b><u>Documents Received on Wednesday, October 04, 2006</u></b>			
2006108050	Thacher Creek Clearing at Peck Property Fish & Game #5 Ojai--Ventura The operator intends to alter the streambed by excavating rocks and boulders from piles in the streambed, and placing them behind the existing pipe and wire revetment along the banks. There are several areas within the property, which have eroded banks, and the rocks will be used as backfill in those areas. Some material may be placed at the toe of the banks where pipe and wire is not present, to stabilize the toe from future erosion. The area consists of scattered willows and mulefat, but is mostly non-vegetated. This portion of the creek is dry except during the winter or rain events.  SAA# 1600-2005-0747-R5	NOE	
2006108051	Robin's Nest RV Park Dam Removal Fish & Game #5 Unincorporated--Los Angeles The operator intends to alter the streambed by implementing EPA Restoration Order: removing multiple concrete and metal culvert pipes, removing a 130 foot long berm and other barriers within the Santa Clara River.  SAA# 1600-2006-0341-R5	NOE	
2006108052	Herb Garden SD House (06-07-SD-07) Parks and Recreation, Department of --San Diego This project consists of the construction of a boxed garden to run the entire length of the yard separating the San Diego House from the US House located in Old Town San Diego State Historic Park. The garden will be in an 89' x 2' boxed enclosure and will house a variety of native plants including herbs, flowering vines, and shrubs. The enclosure will be fabricated from 2" x 12" wood planks. Signage will be included to interpret the garden to park visitors.	NOE	
2006108053	Adobe Restoration Classes (06/07-SD-09) Parks and Recreation, Department of --San Diego This park consists of adobe restoration classes to be held in Old Town San Diego State Historic Park. Experienced DPR staff such as the Archaeologist, Historian, Architect, and Maintenance Chief, will provide training to interested individuals. The practicum for the classes will be the Casa de Estudillo, the Casa de Machado-Stewart and the Casa de Machado-Silvas. The classes will include lecture/classroom activity as well as hands on adobe mixing and patching on the above mentioned buildings. These classes are funded by the California State Parks Foundation.	NOE	
2006108054	Entrance to Pedroena (06/07-SD-05) Parks and Recreation, Department of --San Diego This project consists of removing the adobe pavers, adobe steps and metal handrails in the entrance to the Pedroena. Fill, compact and regrade entrance walkway from street to wooden steps and replace adobe pavers for a stable walkway and transition from the street to the landing in front of the wooden steps.	NOE

2005122130	<p>Fulton Avenue Development Project Sacramento, City of Sacramento--Sacramento</p> <p>The proposed project consists of two components: remediation of the 20-acre site and entitlements to allow development of two 90,000 square foot auto dealerships on a total of 20 acres adjacent to Haggin Oaks Golf Course. Implementation of the proposed development component is contingent upon the approval of a remediation plan for the site currently under review by the County. Specific entitlements for the project include: (1) General Plan Amendment to redesignate the project site from Parks/Recreation/Open Space to Heavy Commercial; (2) Rezone of the project site from R-1 to Heavy Commercial (C-4); (3) approval of a Tentative Parcel Map to divide the approximately 456-acre parcel into three parcels of 10.8 acres, 6.7 acres and 436.1 acres, including a 2.5-acre right of way for the Fulton Avenue extension; (4) establishment of a Planned Use Development (PUD) with Schematic Plan and PUD Guidelines; and (5) three subdivision modifications for the extension of Fulton Avenue.</p>	EIR	11/20/2006
2006022037	<p>Shiloh II Wind Plant Project Solano County Rio Vista--Solano</p> <p>The Shiloh II Wind Project would include construction of 88 wind turbines that would provide a total generation capacity of approximately 176 MW of electricity. A separate but related project, the Reconductoring Project includes reconductoring by PG&amp;E of an approximately 11-mile segment of the Vaca Dixon-Contra Costa 230 kV transmission line to accommodate increased electrical capacity to serve the Shiloh II Wind Project and other projects in the WRA.</p>	EIR	11/27/2006
2006041012	<p>City of Bakersfield Wastewater Treatment Plant #3 Expansion &amp; Upgrade Bakersfield, City of Bakersfield--Kern</p> <p>The proposed project consists of expanding the Plant's treatment capacity to 32 million gallons per day (mgd), upgrading the Plant operations to advanced secondary treatment nitrogen removal and the possibility of up to 2 mgd of tertiary treatment, adding mechanical dewatering to the solids handling operations, adding on-site percolation, upgrading the co-generation power capabilities of the Plant, constructing new buildings to house administration, operations, laboratory, and maintenance activities, and supporting facilities.</p>	EIR	11/20/2006
2005022038	<p>Sun City Tehama Specific Plan Tehama County Planning Department --Tehama</p> <p>The Sun City Tehama Specific Plan would allow the development of the approximately 3,320-acre Specific Plan Area as a master-planned community. This development would include a mix of residential uses, along with parks, an 18-hole golf course, a recreation center, and various commercial uses. Occupancy of the majority of the residential units would be restricted to active adults aged 55 and older. The proposed Specific Plan would also provide for over</p>	FIN

	half of the Specific Plan Area to remain as natural open space.		
2005112005	Crestmont Residential Subdivision Project Oakland, City of Oakland--Alameda The proposed project is located in the Oakland Hills, at the northeast intersection of Crestmont Drive and Westfield Way. The proposed project would provide for the construction of four single-family dwellings. To mitigate potential impacts on rare plant species, the project sponsor has eliminated one building site and proposes to create a conservation easement over about two-thirds of the entire site. The proposed project includes the following components: (1) a tentative parcel map to subdivide two existing lots into four lots; (2) development of the project site and footprints for four custom-built, single-family residences, including parking and landscaping; construct a single family home on each lot; (3) driveways, sidewalks, and retaining walls along Crestmont Drive; (4) geotechnical stabilization of the site; (5) wild land fire mitigation; (6) and storm-water management facilities. The site is located in the South Hills Planning Area of the Oakland General Plan with a land use designation of Hillside Residential and is therefore subject to Neighborhood Objectives and Policies N2, N3, N6, N8, and N11.	<b>FIN</b>	
2006101040	Brown Tentative Parcel Map, TPM 20614RPL^2 San Diego County Department of Planning and Land Use Fallbrook--San Diego This project proposes a minor subdivision of 6.46 acres into three single-family residential lots, each of which will be 2.15 acres gross. The project will involve grading for three residential pads and driveways. A private road and cul-de-sac is proposed from Gird Road. Biological open space is proposed over the riparian areas that occur on-site.	<b>MND</b>	11/06/2006
2006101041	TPM 20749RPL, Log No. 03-09-014 - Steven Saffian San Diego County Department of Planning and Land Use --San Diego This is a subdivision of 20 gross acres into 4 residential parcels, ranging in size from 4.3 to 5.4 acres. Access will be by way of a private easement road from Los Altos de Cerro.	<b>MND</b>	11/06/2006
2006101042	35101 Camino Capistrano Dana Point, City of Dana Point--Orange The proposed project would modify and relocate a single family home to adjacent lots.	<b>MND</b>	11/06/2006
2006102028	Shadinger Tentative Parcel Map Colusa County --Colusa The proposed project is the subdivision of a 10.0 acre site into four parcels and a 1.64-acre remainder parcel. Three parcels, totaling 6.65 acres will be sold for future industrial development. One parcel, totaling 1.71 acres and containing two residential structures, will not be developed and will remain residential. The site will retain its current zoning as Industrial (M). No development is proposed on the project site at this time; however, the project does not include the construction of some infrastructure on those parcels that will be developed in the future.	<b>MND</b>	11/06/2006

2006101052	Tankell Parcel Map and Development Plan; SUB2005-00176 CO06-0016 ED05-449 San Luis Obispo County --San Luis Obispo Subdivision of an existing 9,766-square foot parcel into three parcels of 2,390, 3,330, and 4,045 square feet each, and development of a planned development of three single-family residences, demolition of one existing residence, off-site road improvements, and vacation of 10 feet of Air Park Drive and 5 feet of Mendel Drive.	<b>MND</b>	11/08/2006
2006101054	Major Subdivision No. 06005 (Gertrude Estates) Merced County --Merced The subdivision of a 17.81-acre parcel into 86 residential lots, each a minimum of 6,000 sq. ft. in size and a 6,100 sq. ft. park lot.	<b>MND</b>	11/08/2006
2006101058	Solana Beach Elementary School Site No. 7 Solana Beach Elementary School District San Diego--San Diego The proposed project site is located in the City of San Diego, approximately 3.8 miles east of the coast, within an area of residential development in an approved planned community known as Pacific Highlands Ranch. Pacific Highlands Ranch is Subarea III of the City's North City Future Urbanizing Area (NCFUA) and encompasses approximately 2,652 acres. The school site is part of Unit 5, on a site designated for an elementary school, an area of development within Pacific Highlands Ranch, which was previously approved by the City of San Diego. The proposed project includes site acquisition, construction, and operation of a K-6 school. School construction is expected to begin in 2007 and be completed by 2009. The proposed school is expected to serve approximately 649 students drawn from the surrounding areas and is estimated to employ 30 faculty and staff. The school is proposed to be a traditional track education facility.	<b>MND</b>	11/08/2006
2006101061	Alberhill Recycled Water Master Plan Elsinore Valley Municipal Water District Lake Elsinore--Riverside The District has been awarded grant funds under the California State Water Resources Control Board (SWRCB) funding program for development of a plan of study for recycled water in the Alberhill Service Area. With the assistance of the grant, the District has prepared the Final Facilities Planning Report Alberhill Service Area Recycled Water Master Plan (EVMWD, 2006). Within the Alberhill Service Area there are several potential sources of recycled water, including the District's existing Horsethief Canyon Water Reclamation Facility (WRF) and the proposed Alberhill WRF. It is the District's intention to optimize, to the extent possible, the supply of recycled water to the area by utilizing as many of these sources as necessary or where convenient to create an integrated recycled water system. The proposed project is the construction and operation of these facilities and is evaluated in a MND.	<b>MND</b>	11/08/2006

	with a four-parcel land division.		
2006102039	Meadow Vista County Water District Water Treatment and Storage Facility Improvement Project / Bear River Canal Emergency Pipeline Meadow Vista County Water District --Placer The proposed project involves essentially four main elements including, (1) construction of two 0.9 mgd treated water storage tanks and booster pump station, (2) onsite road and piping improvements, (3) construction of new sludge drying and storage facilities, and (4) construction of new Bear River Canal emergency raw water pump station and transmission pipeline. The project also involves several upgrades to existing infrastructure, including the installation of a redundant filter at the current site of the sludge drying beds. Construction is expected to begin in mid-2007 and continue through 2010.	<b>MND</b>	11/08/2006
2006102042	Arcata Development Corporation Planned Unit Development Eureka, City of Eureka--Humboldt The construction of a six-unit condominium project including a partial street and alley abandonment, a variance from minimum area for a Planned Development (PD) from 3 acres to 1.39 acres, a rezone of the property to add a Planned Development (PD) overlay, a common interest development subdivision, and a coastal development permit.	<b>MND</b>	11/08/2006
2006102045	Sunny Creek Estates Auburn, City of Auburn--Placer Vesting Tentative Subdivision Map to subdivide a 4-acre lot into 13 single-family residential lots. A Tree Permit is also required for the removal of +/- 22 native trees.	<b>MND</b>	11/08/2006
2006102046	Summer Ridge Estates Auburn, City of Auburn--Placer Vesting Tentative Subdivision Map to subdivide a 4-acre parcel into 14 single-family residential lots. A Tree Permit is also required for the removal of +/- 25 protected trees.	<b>MND</b>	11/08/2006
2006102048	Antler Bridge Replacement Project Caltrans #2 --Shasta The proposed project is located on I-5 in Shasta County between post miles R39.0 and R41.2. The project proposes construction of a new bridge adjacent to the existing bridge, removal of the existing bridge, and realignment of a 0.4 mile section of highway south of the bridge to improve safety and operations.	<b>MND</b>	11/08/2006
1998031039	City College of San Francisco Chinatown/North Beach Campus San Francisco Community College District SAN FRANCISCO--SAN FRANCISCO The proposed project would be constructed on lots 9 and 10 on the same block as the 1998 EIR, and includes similar uses as analyzed in the 1998 EIR. The proposed project includes a 17-story, 238-foot tall building at Washington and Kearney Street. The building would contain classrooms, offices, lounges, meeting rooms, a library, student center, and a multipurpose room with approximately 82,662 assigned square footage (assigned square footage includes only the space that has been allocated for a particular use and does not include accessory space,	<b>NOP</b>	11/08/2006

	such as hallways and restrooms). The SFCCD will retain ownership of Lot 5 for possible future use. The SFCCD has sold Lots 4 and 12.		
2006011033	City of Porterville Genral Plan Update Porterville, City of Porterville--Tulare The City of Porterville has initiated a comprehensive update of its General Plan, which is an opportunity for community members to explore long-term goals and development for the City. The State of California requires every city and county to have a comprehensive General Plan that serves as a constitution for long-term physical development. The Plan identifies current and future needs in areas such as economic development, land use, circulation, noise, open space and conservation, public services, safety and environmental quality. As an economic development implementation tool, the city is evaluating applying for a new Enterprize Zone Designation.	<b>NOP</b>	11/08/2006
2006101049	Marian Medical Center Hospital Expansion Santa Maria, City of Santa Maria--Santa Barbara The project is a 216,000 square foot addition to Marian Medical Center Hospital. The addition includes 108 medical surgical beds, a new emergency room, a new lobby, a new food service area, a new pharmacy, a 14-bed neonatal unit, and a 32-bed obstretic (OB) unit with 14 labor-delivery and recovery rooms.	<b>NOP</b>	11/08/2006
2006101051	1342 Hayworth Ave. Townhome Project West Hollywood, City of West Hollywood--Los Angeles Demolition of all site elements and construction of a four-story, 16-unit condominium.	<b>NOP</b>	11/08/2006
2006101056	SP00362, GPA00826, SP00362, CZ07402/Panorama Riverside County Planning Department --Riverside The proposed Panorama Specific Plan would consist of a mix of single and multi-family residential villages ranging in density from 8 to 20 units per acre. A total of approximately 2,315 to 2,474 single and multi-family dwelling units are currently planned within the Specific Plan. A variety of commercial development is also contemplated, including that oriented to serving the needs of the planned 100-acre campus of the College of the Desert, as well as community and neighborhood-scale commercial uses and business park and professional offices.	<b>NOP</b>	11/08/2006
2006102033	PG&E Line 108 Replacement Project California State Lands Commission Elk Grove--Sacramento, San Joaquin PG&E is proposing to replace approximately 11 miles of a partially inactive, 16-inch natural gas transmission line (Line 108) with a new 24-inch pipeline that extends from the northern Thornton Station just south of the Mokelumne River in San Joaquin County, to the Elk Grove Station, just south of Elk Grove Boulevard in Sacramento County. The proposed project will mostly be within PG&E's existing right of way by paralleling the partially inactive 16 inch pipeline. A combination of construction techniques would include trench, horizontal directional drill, and hammer bore. A pressure limiting station would also be installed at the Elk Grove Station and PG&E would remove a bridge that historically supported a section of the partially-inactive 16 inch natural gas pipeline over the Cosumnes River.	<b>NOP</b>	11/08/2006

<b><u>Documents Received on Tuesday, October 10, 2006</u></b>			
2006102047	<p>City of Wheatland Wastewater Facilities Project Wheatland, City of Wheatland--Yuba</p> <p>The Wheatland Wastewater Facilities Project is a wastewater treatment plant with a proposed capacity of 3.82 million gallons per day (mgd). The proposed project site is located approximately 3 miles northwest of the City of Wheatland, 1.5 miles west of SR-65, 0.3 mile north of Dairy Road, and 0.9 mile south of Best Slough. The site is located west of the General Plan Update area to allow the potential for gravity trunk sewer service to the plant site and near Best Slough so that the effluent outfall pipeline could be kept to a reasonable minimum length. Predominate land use in the surrounding area is agriculture, consisting of rice, orchards, and irrigated pastures.</p>	<b>NOP</b>	11/08/2006
2002101134	<p>Copper Hill Elementary School Project Expansion Saugus Union School District Santa Clarita--Los Angeles</p> <p>The Saugus Union School District ("District") previously considered and approved a MND for the construction and operation of the proposed Copper Hill Elementary School on approximately 20 acres of land already owned by the District. The Copper Hill Project contemplated the grading of approximately 20 acres of undeveloped land, construction of a 70,000 square foot elementary school, as well as related appurtenant structures, facilities, and site improvement work, specifically delineated in connection with that project, to serve approximately 950 students in grades K-6. The District now seeks to amend the Copper Hill Project to include, in addition to the previously considered on-site and off-site improvements, the importation and compacting of up to 260,000 cubic yards of excess soil materials from a site contiguous to the Copper Hill Project site and owned by Dentec Holding, Inc., or its successors or assigns.</p>	<b>Neg</b>	11/08/2006
2006101048	<p>ESRI Campus Parking Lot Expansion Project San Bernardino Flood Control District Redlands--San Bernardino</p> <p>The proposed project would convert the Mission Stormwater Channel between New York Street and Tennessee Avenue into a reinforced concrete box culvert and construct a parking lot on top in order to expand existing parking lot facilities.</p>	<b>Neg</b>	11/08/2006
2006101053	<p>Holloway Tract Map and Conditional Use Permit ED 05-478 San Luis Obispo County Nipomo--San Luis Obispo</p> <p>Request by Carl and Debbie Holloway for a Vesting Tentative Tract Map and Conditional Use Permit for a cluster subdivision of an existing 20.3 acre parcel into 18 residential parcels of approximately 0.5 acre each for the purpose of sale and/or development, and one 10.4-acre open space parcel with a 6,000 square foot building site. The project will result in the disturbance of approximately 10 acres of the 20.3 acre parcel. The division will create one on-site road. The proposed project is within the Residential Suburban land use category and is located on the east side of South Oakglen (at 561 S. Oakglen Avenue), southeast of the intersection with Amado Road, in the community of Nipomo. The site is in the South County (Inland) planning area.</p>	<b>Neg</b>	11/08/2006

<b><u>Documents Received on Tuesday, October 10, 2006</u></b>			
2006101057	El Corte Planned Development #17 Atascadero, City of Atascadero--San Luis Obispo The proposed project consists of an application for a zone change with master plan of development to construct 10 single-family residential units under the provisions of the Planned Development #17 overlay zone which allows up to 4 units per acre. The applicant is also proposing to construct two additional units per the State Density Bonus Program.	<b>Neg</b>	11/08/2006
2006101059	La Costa Avenue GPA 05-186 Encinitas, City of Encinitas--San Diego The project application proposes an amendment to the Encinitas General Plan, Local Coastal Program Land Use Plan, and Zoning Map to redesignate the land use and zoning classification from Visitor Serving Commercial (VSC) to Residential 20. No development is proposed as part of this application.	<b>Neg</b>	11/08/2006
2006101060	Manchester Avenue GPA 05-187 Encinitas, City of Encinitas--San Diego The project application proposes an amendment to the Encinitas General Plan, Local Coastal Program Land Use Plan, and Zoning Map to redesignate the land use and zoning classification from Residential 11 (R11) to Residential 25 (R25). No development is proposed as part of this application.	<b>Neg</b>	11/08/2006
2006102035	Parcel Map 06-047 - Zydycrn Shasta County --Shasta The applicant has requested a four parcel land division. Each resulting parcel will contain at least one existing single family residence. One of the resulting parcels will contain two single family residences. The proposed density conforms to the requirements of the Shasta County General Plan Policy CO-n, which allows for a land division to exceed the density limits cited in the General Plan, if the residences existed prior to January 10, 1984 and meet the minimum housing code requirements as set forth in the Health and Safety Code.	<b>Neg</b>	11/09/2006
2006102040	Parks Master Plan Rio Vista, City of Rio Vista--Solano The proposed Parks Master Plan is an implementing measure of the General Plan and guides the siting, development, operation and maintenance of parks and open spaces.	<b>Neg</b>	11/08/2006
2006102041	Mountain Gate Fishing Access Project Mono County --Mono The Mountain Gate Fishing Project will consist of an ADA accessible boardwalk and fishing platform, along with upgrades to the unpaved parking area and a flood resistant and ADA accessible vault toilet. An ADA accessible nature trail along the West Walker River is also anticipated to be constructed. Other potential amenities include picnic and resting spots, day use areas, therapeutic exercise stations (a "par course") for senior citizens and disabled persons, a side channel restoration, and an interpretive kiosk.	<b>Neg</b>	11/08/2006

2006052041	Department of Fish & Game - Year 2006 - Fisheries Restoration Grant Program Project Fish and Game (HQ) Environmental Services -- The project proposes the installation of two wing-deflectors along the bank of the Van Duzen River, in Humboldt County.	<b>NOD</b>	
2006081073	Port of Long Beach Southeast Basin Vessel Emission Control Project Long Beach, Port of Long Beach--Los Angeles Metropolitan Stevedore Company proposes to construct an Advanced Maritime Emissions Control System (AMECS) for reducing at-berth emissions from vessels calling at their facility on Pier G, at Berths G212 and G214. Initial construction will include installation of an emission treatment unit and a fixed tower mounted near the wharf at Berth G212. The AMECS will be tested in a pilot study at Berth G212 to determine its effectiveness for reducing emissions and if successful, then expanded in a second phase to Berth G214. Further, the Port of Long Beach is evaluating potential future expansion of the system around the Southeast Basin, to include a total of two emission treatment units and eight fixed tower emission control systems, through a multi-phase build-out process.	<b>NOD</b>	
2006081162	Nahabedian Yowlumne Section 26&28 Division of Oil, Gas, and Geothermal Resources Taft--Kern Proposes to drill, test, and possibly produce up to 4 exploratory oil and gas wells.	<b>NOD</b>	
2006091006	Monte Bella Elementary School Alisal Union Elementary School District Salinas--Monterey Construction of a new K-6 elementary school on a 14.9 acre parcel which will house +/- 850 students.	<b>NOD</b>	
2006091059	Court Theater Redevelopment/Renovation Livingston, City of Livingston--Merced The City of Livingston proposes to renovate and expand the Court Theatre, located in the commercial district of Livingston. The 5,400 square foot theater was built in the 1940's and includes a 50' tall frontage at 620 Main Street (previously 3rd Street). Renovation plans for the structure involve its conversion to a theater 'dinner' venue with a flat floor area served from an adjacent restaurant and kitchen addition to the north and new dressing rooms in the southwest corner. The second story of the north addition will be used for office spaces for a total addition of 5,368 square feet. The City also proposed a 5,368 square foot addition to the south that will be used as office spaces. The offices will have access to the proposed kitchen utilized by the restaurant and theatre venue. Revenue generated by the office rental spaces will provide a cash flow to endow the theater operations. The City plans on utilizing the expanded theatre as a community facility and leasing the office spaces to community service groups such as The Merced County Human Services Agency, Central California Legal Services, The Livingston Medical Group and The Merced County Food Bank. The renovation is also necessary to accommodate current building codes for disabled access, electrical services, and plumbing services and fire safety.	<b>NOD</b>

2006092003	NCVRC Veterans Transitional Facility Eureka, City of Eureka--Humboldt The North Coast Veterans Resource Center (NCVRC), a division of Vietnam Veterans of California, Inc. (VVC) is requesting a conditional use permit to authorize the development of a Veterans Resource Center at 109 & 121 4th Street. The project proposes to demolish and remodel existing structures and utilize the property to house the offices, staff and programs of the NCVRC; the programs include education, training and housing. NCVRC expects to have up to 100 active enrolled participants at any given time that may visit the center for up to an hour on a weekly basis; it is estimated that an average of three participants would visit per hour. In addition, the NCVRC proposes to provide transitional housing for up to 34 veterans; eligible veterans could be housed up to two years as needed. The facility will be operational 24 hours per day, seven days per week with a supervisor on site at all times. There will be up to 12 staff members employed with eight to ten staff members on site during normal business hours.	<b>NOD</b>	
2006109028	Lake or Streambed Alteration Agreement (Agreement) No. 06-0306 for Timber Harvesting Plan (THP) 1-06-096HUM Forestry and Fire Protection, Department of --Humboldt The Department of Fish and Game is issuing an Agreement for the installation of nine permanent culvert crossings.	<b>NOD</b>

2006102060	City of San Jose Enterprise Zone San Jose, City of San Jose--Santa Clara The proposed project is the re-designation of the Enterprise Zone for another 15 years and modification of the currently existing boundaries. Proposed modifications of the boundaries would eliminate 1,568 acres that were included within the previously approved Enterprise Zone and would add no additional acres, for a new reduction of 1,568 acres yielding a total of 6,400 acres within the Enterprise Zone.	<b>NOP</b>	11/13/2006
2006101084	Clayton Village Planned Development Zone Change Los Banos, City of Los Banos--Merced The applicant has applied for a zone change from R-2 (Medium Density Residential) and H-C (Highway Commercial) to P-D (Planned Development). The applicant has submitted a final development plan, which provides detailed development standards.  Although no development entitlement applications have been received at this time, the final development plan indicates that the northern 18 acres would likely be developed with 127 single-family residential small lots with zero-lot-line and alley-loaded homes, and the southern 10 acres would be developed with commercial uses.	<b>Neg</b>	11/13/2006
2006102055	Use Permit for Martinez Winery Project (Zone File # 2006-056) Yolo County Planning & Public Works Department Winters--Yolo Winters Winery (dba Berryessa Gap Vineyards) is requesting a Use Permit to convert a portion of an existing cold storage and packing facility to use as a winery and wine tasting/special events operation. The facility consists of four cold storage rooms, two covered packing sheds, and an office. No building expansion is proposed for the new uses. Accessibility requirements and visitor amenities will be addressed. Current uses will continue. On-site parking is available with access off of State Highway 128.	<b>Neg</b>	11/13/2006
2006102056	Ozborn Zone Change RZ06-28 and Tentative Parcel Map 04T-50(1) Tuolumne County Community Development Dept. Sonora--Tuolumne 1. Ordinance for zone change RZ06-28 to reconfigure 5.9 +/- acres of existing O (Open Space) zoning on a 19.6 +/- acre parcel and rezone an additional 3.0 +/- acres of the 19.6 +/- acre parcel from RE-5 (Residential Estate, 5 acre minimum) to O. The resulting zoning will be 10.7 +/- acres of RE-5 (Residential Estate, 5 acre minimum) and 8.9 +/- acres of O. 2. Tentative Parcel Map 04T-50(1) to divide the 19.6 +/- acre parcel into three parcels: Parcel 1 - 5.0 +/- acres gross (3.7 +/- acres net), Parcel 2 - 5.0 +/- acres, and Parcel 3 - 9.6 +/- acres in size, pending approval of the requested zone change.	<b>Neg</b>	11/13/2006

	line screen walls, concrete or asphalt pavement, a new street extension and landscaping. The buildings will consist of a concrete tilt-up structure supported by a conventional slab-on-grade foundation system with perimeter-spread footings and isolated interior footings.		
2006101087	2005-2010 City of Encinitas Housing Element Update Encinitas, City of Encinitas--San Diego The City of Encinitas Housing Element Update covers a five-year time period from July 1, 2005 to June 30, 2010. The proposed update would amend the Housing Element and Local Coastal Program and address the housing needs, constraints, opportunities, goals and policies, and programs.	<b>Neg</b>	11/13/2006
2006101088	Project No. R2005-002275, RCUP200500158, RENV200500156, ROAK200600046, Block of 30700 Mulholland Highway, Agoura Hills Los Angeles County Department of Regional Planning Agoura Hills--Los Angeles A Conditional Use Permit application to authorize construction, operation, and maintenance of a wireless telecommunications facility within the public right-of-way, located on the north side of the road on Mulholland Highway. An Oak Tree Permit application to authorize encroachment into the protected zone of two oak trees for the establishment of the proposed facility. The proposed facility consists of four panel antennas, one GPS antenna, and two 10-foot cable arms mounted at 36 feet above grade to an existing 52-foot high utility pole (subject pole). The proposed project will include attaching all equipment cabinets to the subject pole between the height of 13 feet high and 5 feet high above ground level. One 16.25" x 17.25" x 48" power meter pedestal will be placed on a 2'x2' concrete pad at approximately 295 feet to the west of the subject pole. A trench will be excavated from the subject pole to the power meter pedestal for placement of power cables. Another trench will be excavated from the power meter pedestal to an existing utility pole that is approximately 16 feet to the west of the power meter pedestal. The power meter pedestal will be painted an earth-toned color and screened with 5-gallon Heteromeles arbutifolia (Toyon) plants. There are four oak trees located within the vicinity of the project site. Two of the four oak trees will be encroached upon for the construction of the proposed facility.	<b>Neg</b>	11/13/2006
2006101089	Reservoir 3601-2 Coachella Valley Water District --Riverside The Reservoir 3601-2 project proposes the construction of a 1 million gallon water reservoir on the same 5-acre parcel of the existing 1 million gallon Reservoir 3601-1 that was constructed in 1965. The project includes shallow excavation to construct a concrete ring wall and all appurtenances necessary to connect the reservoir to the existing domestic water system on-site. The purpose of the Reservoir 3601-2 project is to provide additional water storage for increasing domestic water and fire protection demands within the Upper Improvement District 8 and Wide Canyon Pressure Zones, which include the areas around Sky Valley. This additional water storage reservoir will provide energy savings by alleviating the need to operate associated domestic water wells during peak electrical consumption periods. In addition, a second reservoir will allow removal of one reservoir from service for routine maintenance and repairs.	<b>Neg</b>	11/13/2006

The site also contains a water treatment facility that will be completed this year. The project includes shallow excavation to construct a concrete ring wall and all appurtenances necessary to connect the reservoir to the existing domestic water system on-site. The purpose of the Reservoir 6806-2 project is to provide additional water storage reservoir will provide energy savings by alleviating the need to operate associated domestic water wells during peak electrical consumption periods. In addition, a second reservoir will allow removal of one reservoir from service for routine maintenance and repairs.	<b>Neg</b>	11/13/2006
2006101091	Agreement between the Department of Water Resources and Westlands Water District for Wheeling Central Valley Project Water to Semitropic Water Storage District Westlands Water District Mendota, Wasco, Lemoore--Fresno, Kings, Kern Westlands Water District (WWD) proposes to divert up to 50,000 AF of 2006-07 (Central Valley Project (CVP) supplies for delivery to Semitropic Water Storage District's (Semitropic) banking facilities in the fall, winter, and spring of the 2006-07 water year. Semitropic, a member unit of the Kern County Water Agency (KCWA), would return this water in a later year to meet crop demand in the next critically dry water year type.	<b>Neg</b>	11/13/2006
2006101092	Monroe Street Trunk Sewer Coachella Valley Water District La Quinta--Riverside The Monroe Street Trunk Sewer project proposes the construction of a 2.2-mile, gravity sewer line of 18 and 21 inches diameter within the roadway right-of-way of Monroe Street between Mountain Spur Drive and just south of Airport Boulevard. The trunk sewer would intercept sewage from existing and proposed gravity sewers, sewer lift stations and force mains. This trunk sewer is part of the master plan for a regional gravity trunk system tributary to Water Reclamation Plant No. 4. The purpose of the project is to accommodate locally-approved development in the project service area of southeast La Quinta and southwest Coachella.	<b>Neg</b>	11/13/2006

<b><u>Documents Received on Friday, October 13, 2006</u></b>			
2006072042	<p>Viltrakis Minor Subdivision Humboldt County Community Development Services --Humboldt</p> <p>A minor subdivision of an approximately 20.09 acre parcel into two parcels of roughly 10 acres each. Proposed Parcel 1 is currently developed with a residence, barns and onsite water and sewer facilities. Proposed Parcel 2 is vacant. The applicant's agent has prepared water and soil information to establish a suitable residential site on Parcel 2. Both will be accessed via Lytle Lane, a private 16' wide gravel road within a 40' easement. The project requires Firesafe exceptions for length of dead end road width. The proposed mitigation for these exceptions is the conveyance of secondary dwelling unit rights on each resultant parcel and construction of turnouts along the road. An exception request has been forwarded to the Fortuna office of CDF.</p>	<b>NOD</b>	
2006081095	<p>Amendment to General Plan Implementation Program COS-17 - General Plan Amendment 06-02 Salinas, City of Salinas--Monterey</p> <p>The proposal is to amend Implementation Program COS-17 of the Conservation/Open Space Element of the 2002 General Plan to consider development activities to be located within a 100-foot setback area from Gablan and Natividad Creeks and other streams in the City of Salinas (except for Future Growth Areas) if the City Planner determines the encroachment will not have a significant adverse impact on the riparian and wetland resources because the implementation of alternative mitigation measures will achieve a comparable or a better level of mitigation than the strict application of the 100-foot setback as demonstrated by a biotic resource study.</p>	<b>NOD</b>	
2006081145	<p>The Lake Islands Project of Santee Lakes Recreation Preserve - Job No. 205029 Padre Dam Municipal Water District Santee--San Diego</p> <p>This project is on 12 of the man-made islands of the lakes and involves the removal of invasive vegetation, re-vegetation with native and beneficial plants and the development of 3 of the islands for use by park visitors.</p>	<b>NOD</b>	
2006082046	<p>Tentative Tract Map 06-1010; Corning North Subdivision Corning, City of Corning--Tehama</p> <p>To create 134 single-family residential parcels in an R-1 Zoning District.</p>	<b>NOD</b>	
2006082117	<p>Lucas Valley Road Pedestrian Tunnel Marin County --Marin</p> <p>The Marin County Public Works Department proposes to construct a pedestrian tunnel beneath Lucas Valley Road in the vicinity of Big Rock Ranch, Nicasio, Marin County, to provide a safe connection between two important segments of the county trail system. The site is located approximately 5 miles west of U.S. Highway 101. The proposed 76-foot long tunnel would connect the Big Rock Trail on the north side of Lucas Valley Road with Loma Alta Fire Road on the south. Both trails are part of the Bay Area Ridge Trail, a multi-use ridgeline trail route that circles the San Francisco Bay connecting parks and open space.</p>	<b>NOD</b>

2006091023	<p>Niland Gas Turbine Plant (NGTP) Energy Commission --Imperial</p> <p>The NGTP is a simple cycle plant consisting of two General Electric LM 6000 PD SPRINT model, natural gas combustion turbines generating approximately 93 MW of electricity. The proposed project includes the construction of a transmission line, natural gas line, and water supply line.</p>	<b>NOD</b>	
2006108141	<p>Dist. 8/Co.-SBD/Rte 10, 57.1/R63.1 (PM 35.6/R39.2), E.A. 43320 Caltrans #8 --San Bernardino</p> <p>Roadway improvements include widening the Live Oak Road/I-10 overcrossing and modifying the existing ramp connections and existing intersections along Live Oak Canyon Road between Outer Highway South and Calimesa Boulevard to relieve traffic congestion along Live Oak Canyon Road and provide greater spacing between intersections. Outer Highway South would be realigned approximately 50 meters to the south for greater intersection spacing along Live Oak Canyon Road. Live Oak Canyon Road, south of I-10 and north of Outer Highway South, would be increased to four lanes, two in each direction, and would include a right turn storage lane for vehicles entering the eastbound I-10 on-ramp. Between I-10 and Calimesa Boulevard, northbound Live Oak Canyon Road would be improved from one lane to two lanes and would increase to five lanes at the intersection of Calimesa Boulevard; southbound Live Oak Canyon Road would be improved to three lanes, including a through lane to the eastbound I-10 on-ramp. The Live Oak Canyon Road/I-10 bridge overcrossing would be expanded to four lanes, two in each direction, plus a left turn pocket. Additionally, the project includes a 300 meter long acceleration lane from the westbound on-ramp to improve ramp merging operations.</p>	<b>NOE</b>	
2006108143	<p>Engstrom Bank Stabilization Fish &amp; Game #3 Ukiah--Mendocino</p> <p>The proposed project involves 250 linear feet of bank stabilization and riparian habitat restoration on Robinson Creek, tributary to the Russian River. The high water event of New Year's 2006 eroded at least 50 feet of land for approximately 250 feet of the left bank (facing downstream) of Robinson Creek on the property owned by Naomi Engstrom. The California Department of Fish and Game is executing a Lake and Streambed Alteration Agreement number 1600-2006-0507-3 pursuant to Section 1602 of the Fish and Game Code.</p>	<b>NOE</b>	
2006108144	<p>Bank Stabilization, Codornices Creek-Nagai Property Fish &amp; Game #3 Berkeley--Alameda</p> <p>The project includes the construction of a bio-engineered planted boulder revetment, a cascade transition at the culvert outfall, and a concrete retaining wall located at the upper bank. Issuance of a Streambed Alteration Agreement Number 1600-2003-5199-3 is pursuant to Fish and Game Code Section 1602.</p>	<b>NOE</b>	
2006108145	<p>Coward Road Hedgerow Santa Cruz County Watsonville--Santa Cruz</p> <p>Installation of a hedgerow (a linear planting) consisting of deep-rooted drought-tolerant native perennial species that will: provide bank stabilization, slow runoff, increase surface water infiltration (by improving soil structure), inhibit</p>	<b>NOE</b>
